St. Peter's Institution of Higher Education

2024 – 2026 (Expected)

Higher Secondary (12th)

Railway Senior Secondary School

2023 – 2024

CERTIFICATIONS

Python for Beginners

Coursera / NPTEL · 2024

CAREER OBJECTIVE

To start my career in a good organization where I can apply my academic knowledge, learn new technologies, gain hands-on experience, and grow both personally and professionally in the field of computer applications.

PROFILE SUMMARY

I am a motivated and enthusiastic BCA fresher with a strong desire to learn and grow in the IT industry. I have foundational knowledge in computer applications, basic programming using Python, and web development using HTML and CSS. I am a quick learner with good communication skills and a positive attitude towards taking on challenges. I am looking for an opportunity to contribute, learn, and develop my skills in a professional environment.

PROJECTS

Personal Portfolio Webpage Academic

Designed and developed a simple personal portfolio website using HTML and CSS. The page includes sections for profile, skills, and contact information with a clean and responsive layout.

HTML CSS Web Design

Web Development Basics

English · Intermediate

Simple Calculator (Python) Mini Project

Built a command-line calculator using Python that performs basic arithmetic operations — addition, subtraction, multiplication, and division — with input validation and error handling.

Python Logic CLI

Student Record Management System BCA Project

Developed a mini academic project to manage student records — adding, updating, and displaying data — as part of the BCA curriculum. The project focused on basic data handling and file operations using Python.

Python File Handling Data Management
